

Ocular Therapeutix™ Reports Inducement Grant Under Nasdaq Listing Rule 5635(c)(4)

July 18, 2024

BEDFORD, Mass., July 18, 2024 (GLOBE NEWSWIRE) -- Ocular Therapeutix, Inc. (NASDAQ:OCUL) ("Ocular"), a biopharmaceutical company committed to enhancing people's vision and quality of life through the development and commercialization of innovative therapies for wet age-related macular degeneration (wet AMD), diabetic retinopathy, and other diseases and conditions of the eye, today announced that it has agreed to grant inducement awards to its newly appointed Senior Vice President, Chief of Staff, Chad Clatterbaugh. The awards were made as inducements material to Mr. Clatterbaugh's acceptance of employment with Ocular under Ocular's 2019 Inducement Stock Incentive Plan in accordance with Nasdaq Listing Rule 5635(c)(4).

Mr. Clatterbaugh's inducement awards were granted effective as of July 12, 2024. Mr. Clatterbaugh's inducement awards consist of (i) a non-statutory stock option to purchase up to 110,000 shares of Ocular's common stock at a per share exercise price equal to the closing price of Ocular's common stock on The Nasdaq Global Market on July 12, 2024, and (ii) a restricted stock unit award representing the right to receive 36,666 shares of Ocular's common stock. The stock option has a ten-year term and is scheduled to vest over four years, with 25% of the original number of shares vesting on the one-year anniversary of the recipient's employment commencement date and the remainder vesting in equal monthly installments over the three years thereafter, subject to Mr. Clatterbaugh's continued service to Ocular through the applicable vesting dates. The restricted stock unit award is scheduled to vest over three years, in equal annual installments, beginning on the recipient's employment commencement date and subject to his continued service to Ocular through the applicable vesting dates.

The inducement equity awards are subject to the terms and conditions of the award agreements covering the grants and Ocular's 2019 Inducement Stock Incentive Plan.

About Ocular Therapeutix, Inc.

Ocular Therapeutix, Inc. is a biopharmaceutical company committed to enhancing people's vision and quality of life through the development and commercialization of innovative therapies for wet age-related macular degeneration (wet AMD), diabetic retinopathy (DR), and other diseases and conditions of the eye. AXPAXLI™ (axitinib intravitreal implant, also known as OTX-TKI), Ocular's product candidate for retinal disease, is based on its ELUTYX™ proprietary bioresorbable hydrogel-based formulation technology. AXPAXLI is currently in a Phase 3 clinical trial for wet AMD. The clinical portfolio also includes PAXTRAVA™ (travoprost intracameral implant, also known as OTX-TIC), currently in a Phase 2 clinical trial for the treatment of open-angle glaucoma or ocular hypertension.

Ocular's expertise in the formulation, development and commercialization of innovative therapies of the eye and the ELUTYX platform supported the development and launch of its first commercial drug product, DEXTENZA®, an FDA-approved corticosteroid for the treatment of ocular inflammation and pain following ophthalmic surgery and ocular itching associated with allergic conjunctivitis.
